

Witney Woodland Volunteers

Caring for Witney's woodland, pathways and green spaces

Can you help?

Witney Woodland Volunteers have been dedicated to conserving and restoring Witney's green spaces since 2006. Working with West Oxfordshire District Council, we help maintain the many riverside paths, footpaths and woodlands around the town.

We are all volunteers who want to make Witney a more pleasant place to live.

When: Most Mondays 10am to midday.

All participation is valued and there is no pressure to do more than you wish.

Where: We work on a wide variety of pathways, riverside and green spaces around Witney.

A major focus of our work is Deer Park Wood.

Why: It's a great way to keep fit and meet others who care about the environment.

Who: Anyone!
Age and ability doesn't matter.

Getting involved

We work throughout the year on pathways and green spaces in the town.

Conservation activities follow the seasons. Most activities involve the use of simple hand tools which we can supply or you may bring your own.

Could you lend a hand with any of the following?

- Bulb, shrub and tree planting
- Clearing litter from paths and ponds
- Cutting back overhanging branches, nettles, brambles and other weeds
- Sowing and transplanting wildflowers
- Repairing and clearing footpaths
- Woodland coppicing and thinning

A small annual membership fee covers insurance costs for our projects.

Volunteering is not all about work. We also organise trips to locations of interest and have an annual social gathering.

Witney Woodland Volunteers are grateful for grant aid from BTCV, Oxfordshire Community Foundation, The Co-operative Bank, TOE2, West Oxfordshire District Council, Witney Town Council and Witney Town Hall Charity.

“ I like the team work aspect - it's very satisfying to see the difference we can make in just one session. It's an 'outdoor gym' which contributes to the quality of our environment. ”
